

# David Babson, Ph.D.

Dr. David Babson is a highly credentialed and connected Washington Insider with a decade of experience at the energy-climate-sustainability nexus in science policy and funding. He can give us high-level insight into government and other influential thinking about energy and climate policy and funding opportunities.

**Tuesday, October 31<sup>st</sup> at 4:00 PM**

**DAY 1: 'Mitigating the Causes and Impacts of Climate Change'.**
