

HERBERT WERTHEIM COLLEGE of ENGINEERING

The University of Florida's **Herbert Wertheim College of Engineering** is one of the largest and most dynamic engineering programs in the nation and is part of a world-class institution dedicated to real-world student outcomes. Offering a curriculum that spans 10 departments, 15 degree programs, and more than 20 centers and institutes, the college produces leaders and problem-solvers who take a multidisciplinary approach toward innovative, human-centered solutions. It is also the cornerstone of UF's most ambitious 21st century research, education and economic development vision — the AI University Initiative.
